49.112-1

49.111 Review of proposed settlements.

Each agency shall establish procedures, when necessary, for the administrative review of proposed termination settlements. When one agency provides termination settlement services for another agency, the agency providing the services shall also perform the settlement review function.

49.112 Payment.

49.112-1 Partial payments.

(a) *General.* If the contract authorizes partial payments on settlement proposals before settlement, a prime contractor may request them on the form prescribed in 49.602-4 at any time after submission of interim or final settlement proposals. The Government will process applications for partial payments promptly. A subcontractor shall submit its application through the prime contractor which shall attach its own invoice and recommendations to the subcontractor's application. Partial payments to a subcontractor shall be made only through the prime contractor and only after the prime contractor has submitted its interim or final settlement proposal. Except for undelivered acceptable finished products, partial payments shall not be made for profit or fee claimed under the terminated portion of the contract. In exercising discretion on the extent of partial payments to be made, the TCO shall consider the diligence of the contractor in settling with subcontractors and in preparing its own settlement proposal.

(b) *Amount of partial payment.* Before approving any partial payment, the TCO shall obtain any desired accounting, engineering, or other specialized reviews of the data submitted in support of the contractor's settlement proposal. If the reviews and the TCO's examination of the data indicate that the requested partial payment is proper, reasonable payments may be authorized in the discretion of the TCO up to—

(1) 100 percent of the contract price, adjusted for undelivered acceptable items completed before the termination date, or later completed with the approval of the TCO (see 49.205);

(2) 100 percent of the amount of any subcontract settlement paid by the prime contractor if the settlement was approved or ratified by the TCO under 49.108-3(c) or was authorized under 49.108-4;

(3) 90 percent of the direct cost of termination inventory, including costs of raw materials, purchased parts, supplies, and direct labor;

(4) 90 percent of other allowable costs (including settlement expense and manufacturing and administrative indirect costs) allocable to the terminated portion of the contract and not included in subparagraphs (1), (2), or (3) above; and

(5) 100 percent of partial payments made to subcontractors under this section.

(c) *Recognition of assignments.* When an assignment of claims has been made under the contract, the Government shall not make partial payments to other than the assignee unless the parties to the assignment consent in writing (see 32.805(e)).

(d) *Security for partial payments.* If any partial payment is made for completed end items or for costs of termination inventory, the TCO shall protect the Government's interest. This shall be done by obtaining title to the completed end items or termination inventory, or by the creation of a lien in favor of the Government, paramount to all other liens, on the completed end items or termination inventory, or by other appropriate means.

(e) *Deductions in computing amount of partial payments.* The TCO shall deduct from the gross amount of any partial payment otherwise payable under 49.112-1(b)—

(1) All unliquidated balances of progress and advance payments (including interest) made to the contractor, which are allocable to the terminated portion of the contract; and

(2) The amounts of all credits arising from the purchase, retention, or sale of property, the costs of which are included in the application for payment.

(f) *Limitation on total amount.* The total amount of all partial payments shall not exceed the amount that will, in the opinion of the TCO, become due to the contractor because of the termination.
